Mrs. Stevenson, who was born at Farmington July 3, 1863, was the daughter of Franklin Dewey and Mary Alice Thompson Richards. She was married Dec. 8, 1881, to Joseph E. Stevenson in Salt Lake. Survivors of the family are the husband, five sons, Frank J. Riverton; Clarence C. Los Angeles, Cal.; Merion L. Ogden; Dewey W. McGill, Nev.; Roy S. Miami, Ariz.; two sisters, Phoebe Richards Pearl, Salt Lake, and Wealthy Richards Clark, Farmington; one brother, Myron T. Richards, Garland, Merion L. Stevenson is director of athletics at Weber college.

Mrs. Stevenson was president of the Holiday ward Relief society for a number of years and was earnestly identified with community welfare activities.

### UTAH MACHINE RECORDS QUAKE

SALT LAKE, Feb. 15.—(By The Associated Press.)—An earthquake shock was recorded on the seismograph at the University of Utah last night. Prof. H. G. Mitchell announced today. The tremor began at 3:07, reached its maximum severity, which lasted six minutes at 3:23 and ceased at 3:57. Professor Mitchell estimated the center of the disturbance to be 3000 miles from here, but the direction was not determined. He said the record was very similar to that recorded last week, which was later found to have centered in the West Indies.

WASHINGTON, Feb. 15.—(By The Associated Press.)—A pronounced earthquake shock was recorded on the seismograph of Georgetown university last night, beginning at 10:06 p. m. and lasting two hours and a half.

Director Tondor placed the maximum severity of the quake at 10:19 to 10:23 p. m. The distance was 1900 miles from Washington in a southerly direction.

### DOUGHNUTS LEFT IN STOLEN MACHINE

SALT LAKE, Feb. 15.—When a touring car listed to P. H. Eyre, this city, stolen Saturday night, was recovered Sunday, a sack of doughnuts was found in it. The doughnuts were taken Saturday evening from the Wasatch home bakery. Evidence showed that the burglar took a few pennies from the cash register, ate a roll or two and drank part of a bottle of milk.

### Your EYES or Your PURSE?

Are you going to buy glasses because you can get a bargain? Is one's eyesight a question of "how cheap" or "how good"? Poor eye examination—ill fitted glasses would be expensive if one got them free. I DON'T sell a price. I sell expert eye service—I charge a fair price for glasses. But before the price—comes honest, skillful service.

I'll give you what you NEED and will guarantee the price to be satisfactory.

Mr. and Mrs. William Holmes of Hilliard were visitors in Evanston Saturday.

### POISON REDUCES SHEPHERD'S LOSSES

SODA SPRINGS, Idaho, Feb. 15.—During the past few weeks the Caribou Weighers' association has been active in its campaign against predatory animals. Since last fall, according to J. T. Torgeson, secretary of the association, 178 horses have been utilized as bait in the exterminating of poison, supplying 17,086 baits. The pelts of 163 coyotes and one bear have been brought in for bounties since last fall.

### HEBER BRANCH OF RAILWAY BLOCKED

SALT LAKE, Feb. 15.—Traffic on the Heber branch of the Denver and Rio Grande Western railroad was tied up Saturday by a snowslide between Provo and that city. The slide buried snow, rocks and the tracks to a depth of several feet. Equipment, with which to clear the tracks was sent to the scene from Salt Lake Sunday and it is expected that traffic may be resumed by Wednesday.

### BUREAU OFFERS TO REPAIR 'RUNS'

SALT LAKE, Feb. 15.—The difficult problem of keeping wearing apparel in repair has been solved for Salt Lake women. A bureau has been established in the city, knitted from the most delicate chiffon hosiery and dainty lingerie to golf sweaters and stockings, has just been inaugurated at Neighborhood House, 753 West First South street.

### BURGLAR ESCAPES AS WOMAN ENTERS

SALT LAKE, Feb. 15.—When Mrs. Mary E. Gann, 958 Ninth East street, returned home from church Sunday night she surprised a burglar in the act of ransacking the house. As she went in from the front door, the man ran through the kitchen and made his exit. Investigation showed he had forced the rear window by breaking the lock.

### LOGAN STUDENTS TO PRESENT OPERA

LOGAN, Feb. 15.—"The Fortune Teller," a comic opera from the pen of Victor Herbert, N. W. Christensen, head of the South Cache High school music department, announces, will be presented at the Capitol theatre next Thursday evening. For several weeks the cast of sixty-five singers has been preparing for the production.

## MOFFAT TUNNEL ALMOST READY

Nine Millions Expended  
So Far; Electricity  
to Be Used

DENVER, Feb. 14.—(By The Associated Press.)—The Moffat tunnel, a cut of six miles through the Continental Divide, is nearing completion in western Colorado. The builders are the sons of pioneers who knew that railroad travel through the Rocky Mountains would mean the opening of an undeveloped empire. The tunnel will lop off 173 miles of railroad travel between Denver and Salt Lake. They are 60 miles apart as the train travels.

**FOR AUTOS ALSO**  
The bore will be electrified, fire will be banked in steam locomotives and electric engines will haul ice motors and tractors through the passage. Section fans will purify the air. Automobiles also will be provided transportation on flat cars during certain hours of the day.

The cost of the project already has exceeded \$9,000,000. Undeveloped northwest Colorado, which will be opened by the tunnel, has enough coal, geologists say, to supply the United States for 1,500 years. It has shale beds of stupendous proportions. There are almost equal undeveloped resources in northeastern Utah.

**WATER TUNNEL**  
The tunnel is about 15 feet in width and 24 feet high. Parallel with the rail tunnel is a water tunnel eight feet wide and eight feet high. Through this Denver will get a water supply from tributaries of mountain streams that tap the Colorado river.

### UTAH MOTORISTS MAKE COMPLAINTS

MONTICELLO, Feb. 15.—There is considerable complaint at the treatment of Utah motorists arriving at the hands of the Colorado authorities. The Colorado law requires that a new auto license shall be purchased on the first of the year while the Utah law sets March 1 as the time limit. The officers of Colorado are allowing Utah motorists to enter the state, and are then fining them \$14.50 and requiring a Colorado license before leaving the state.

### PETER SORENSEN FUNERAL TUESDAY

BRIGHAM CITY, Feb. 15.—Services will be held on Tuesday at 2 o'clock in the Fifth ward here for Peter K. Sorensen, aged 63, who died late Saturday night in an Ogden hospital. He had served two missions in Denmark and held prominent places in Box Elder stake activities. He was for years superintendent of water works.

Surviving are his widow, Mrs. Christine Sorensen; one son, Joseph H. Sorensen, and three daughters, Mrs. John H. Zundel, Mrs. Hans Polle and Mrs. David H. Rosenbaum.

### KEEP HANDS PRETTY— EVERYBODY SEES THEM

Pretty hands are good to look at and are looked at often. Smooth, soft hands are pleasant to your own and others' touch. But only such hands. Rub half a California lemon over your hands night and morning. Use lemon juice. If they are rough, dry or cracked—and in a few days, note the transformation. See how white—and feel how soft and smooth.

This is Nature's own safe, dainty lotion and whitener—no need for artificial kinds. See how it removes stains.

Keep half a California lemon handy in a saucer by the sink or wash-bowl. Use it daily and have attractive, pretty hands. Begin tonight.

### OUT OUR WAY

### OGDEN HIGH SCHOOL NOTES

Ogden people will have an opportunity Wednesday evening of hearing one of the best, if not the very best, bands Ogden ever had. Many heard the band at the hop the other night, and all were most profuse in their expression of praise. The concert will be held in the tabernacle at 8 o'clock.

**LANGUAGE STUDY**  
French, Latin and Spanish are all being taught in the high school. Nearly 300 students are studying these languages. The natural method—i. e. the method by which a child acquires a knowledge of his own language—is used in instruction. The one difficulty, however, is that a child hears his own language spoken at least 13 hours or more each day—all his waking hours—whereas, at school, he speaks, reads and hears the new language only one hour per day. Some people maintain that the best way to acquire a language is to begin at about the age of three in an environment where that tongue alone is spoken. "We believe they are right in their contention," says the principal, "and teaching language is only a makeshift—the best we can do under the circumstances." Several years ago John Dewey introduced language study into kindergarten training school at the University of Chicago, with excellent results. It seems quite a pity that the method has not been adopted by elementary schools everywhere throughout the country. When once a best method of doing a thing has been discovered it should be followed.

**MEETING TODAY**  
Today at 4 o'clock in the Central junior high school, Ogden city teachers are listening to an address by Miss Lynn of Seattle, vice president of the National Education association. It is hoped that much good will be derived from this meeting.

**LINCOLN AWARD**  
The Lincoln award medal given by the Illinois Watch company, Springfield, Ill., for the best essay on Abraham Lincoln will be made at Tuesday's assembly. The essays have been judged but the name of the winner will not be announced until Friday.

**APPROPRIATE GIFT**  
At Friday's assembly, Prof. J. E. Beeson presented the high school with a large and eloquent address on Abraham Lincoln. He emphasized the sincerity of Lincoln, maintaining that this is the virtue par excellence in human character and pointed out that it was fundamentally and basically one of the world's great characters. He compared Lincoln with other well-known heroes and argued that Lincoln's life and work endure because founded on sincerity and others are being forgotten because of the apparent want of the virtue. It was an outstanding and appropriate address and was much appreciated by all students and teachers.

**SINCERITY**  
At Friday's assembly, Attorney James H. Deane gave an eloquent address on Abraham Lincoln. He emphasized the sincerity of Lincoln, maintaining that this is the virtue par excellence in human character and pointed out that it was fundamentally and basically one of the world's great characters. He compared Lincoln with other well-known heroes and argued that Lincoln's life and work endure because founded on sincerity and others are being forgotten because of the apparent want of the virtue. It was an outstanding and appropriate address and was much appreciated by all students and teachers.

**BOARD MEMBERS VISIT**  
The high school was favored on Friday with a visit from Superintendent W. K. Hopkins, Assistant Superintendent Ida Fitzsimmons, James H. Rife, vice president of the board of education, Thomas Irvine and A. E. Fonger, members of the board. They came at assembly time and enjoyed with us the splendid program. This gave them also a good opportunity to note our crowded condition and we have an idea that they will make an effort soon to give us improved housing facilities.

**ROOM FOR LIVESTOCK**  
Mr. DeVine remarked the other day that he participated a year ago in a movement which resulted in securing comfortable housing for Ogden's livestock interests—cattle, sheep, hogs, chickens, etc., and facetiously observed that as he entered the assembly room he felt that he ought to participate in another movement that would result in better housing for another branch of Ogden's livestock interests.

**THE HOP**  
"Bigger, grander, better than ever before" seemed to be the general verdict concerning the annual R. O. T. C. hop. We were there, literally, by thousands, students, parents, friends and everyone seemed delighted with every feature of the entertainment. All were pleased and delighted of course with our great band and all sorts of praise and commendation were given to the exhibit of drill, manual of arms, etc., by the picked unit, the non-commissioned officers, Capt. L. E. Dockler, Sergeants Mayer and Holloway are to be congratulated on the success of the party.

It seemed most fitting and appropriate that the names of the committees, names of order officers and of band members should appear on the printed program. The only adverse criticism we heard was to the effect that the names of the government officials in charge should also have appeared on the program. We concur heartily in this criticism.

**AN APOLOGY**  
An apology is hereby tendered to Philip Empey, a drummer in the high school band, whose name was inadvertently left off the roll of band members on the R. O. T. C. ball the other night. That Philip's name was omitted once before, made it seem almost as if intended, we are very sorry and assure he had the omission was unintentional.

**LE COIN DE FRANCE**  
At the last meeting of Le Coin de France the French club, an interesting program was presented. The program consisted of a number of musical selections by Mrs. Agnes Warner Bowen and Miss Dorothy Pratt, a reading by Miss Blanche Corey and a solo dance "L'Espagnol," danced by Miss Dorothy Young. Following the program, various discussions arose regarding business matters. Already we are feeling more at home in speaking French, and although we find each other's mistakes most diverting, our ultimate aim is to speak French correctly and easily. In the meantime, look out for "Le Coin de France"—French-garde.

**THE MUSICAL**  
The beautiful quality of the weird, rhythmic music of the earliest Americans was well displayed at the concert given by the music department on Wednesday evening. With an appropriate Indian scene as a background, the well-balanced program was a tribute to the talent of the school and to the interpretative tutelage of Mr. Gamble. Chorus, quartets—both male and female—singing all performed with exceptional skill for high school talent. Well-received by the large and appreciative audience of parents and patrons that filled our inadequate auditorium.

To the writer's mind a few numbers were worthy of special mention. The solo dances of Miss Ruth Fisher were very artistically presented. Miss Maryne Peck sang in a pleasing manner one of the most modern and most beautiful pieces of Indian music, "Indian Love Call from 'Rose Marie.'" Especially effective was the combined work of mixed chorus and orchestra in rendering "Indian Dawn" as a finale. The whistling solo of Kathleen Alsop in this number was a pleasant departure from the ordinary.

The approval with which this concert was received warrants another offering at an early date; hence we all await expectantly the next musical of the season.—Forbes Campbell.

ROCHESTER, N. Y., Feb. 15.—(By The Associated Press.)—John Jacob Bausch, aged 86, founder and president of the Bausch & Lomb Optical company, died at his home here of infirmities incident to old age. He was 85.

Mr. Bausch as a poor immigrant boy borrowed sixty dollars from Henry Lomb and launched upon a business career which won him world-wide recognition. Mr. Lomb died in 1908. He was a former president of the Mechanics Savings bank and of the Rochester general hospital. He had given much time and energy to charitable work.

Mr. Bausch leaves his widow, two daughters and two sons. The funeral will take place Tuesday.

### STOMACH UPSET?

Get at the Real Cause—Take  
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care-for-no-ambition-or-energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

### Don't Let That Cold

### Turn Into "Flu"

That cold may turn into "Flu," Grippe, or even worse, pneumonia, unless you take care of it at once. Rub Musterole on the congested parts of your nose, quickly. It brings relief.

Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation, and helps break up the cold. As effective as the messy old mustard plaster, does the work without blistering.

Rub it on with your finger-tips. You will feel a warm, tingling sensation; then a cooling sensation that brings welcome relief.
