recently recommended is not en-

tirely devoid of danger. **Control Infections**

The best medical thought now is that rheumatic fever is the result of an anaphylactic reaction to the poisons of hemolytic strentococcus infections. Combating the disease, therefore, becomes largely a matter of controlling such infections.

The physician cautions that Some individuals are sensitive to

them, and the possibility of kidney damage must be kept in mind. sulfa drugs during an acute attack Protein Diet Useful

keting cooperatives in his own community. Although opposed to the pending compulsory health insurance bill, he long has been an advocate of voluntary cooperative health plans to provide medical and hospital care for farm families and other groups who require group protection. In fact, he set up such an association in his own community 12 years ago. His hobby-an expensive one he wryly admits-is the publica-

and Provo. In political and economic thinking Mr. Watkins classifies him-

self as a progressive Republican. He would call himself a "liberal" except for the fact that he believes that term has been distorted out of its true meaning in recent years.

Major Target

One of his major targets in the campaign was government by administrative directive. He believes that a bi-partisan foreign policy is a "must" for the welfare of the country and is willing to do a reasonable amount of compromising to keep that subject out of the political arena. He approves of the present policy and takes the position that the United Nations should be given every

possible chance to succeed. In the domestic field his position is that the Republican Congress and the Democratic executive department are both under peratures Monday morning, 20 Albuquerque Albuqu cooperative spirit and work out north portion.

a heavy binghtion to display a to bouth portion,
cooperative spirit and work out
a positive program for the good
of the nation.
On the whole he can be expected
to be a loyal party man. But he has ideas of his own and will not unquestioningly follow the party line when he thinks it is unsound.
Favors Expense Cut
He favors sharp reductions in governmental expenditures but is
still open-minded on whether the savings should go to tax relief or reduction of the national debt.
Oute national debt.
O

savings should go to tax relief or reduction of the national debt. Quite naturally one of his major interests in the Senate will be ir-rigation and reclamation generally and development of the Colorado river in particular. The Watkins family consists of Mr. and Mrs. Watkins and five hving children, Arthur R. Watkins, instructor and graduate student instructor and graduate student at Stanford university; Mrs. Nedra W.
